MÜNSTER

In search of model structures for non-equilibrium systems

24 – 28 April 2023 | Münster, Germany

Advancing the connection of model structures for non-equilibrium systems across length and time scales, across physics and mathematics, from specific systems to general principles.

Speakers

Mario Ayala
Cédric Bernardin
Markus Bär
Massimiliano Esposito
Jin Feng
Erwin Frey
Davide Gabrielli
Yuan Gao
Aljaz Godec

Ramin Golestanian
Patricia Gonçalves
Stefan Großkinsky
Rob Jack
Milton Jara
Sabine Klapp
Hartmut Löwen
Christian Maes
Alexander Mielke

Stefano Olla
Mark Peletier
Dirk Peschka
Tanja Schilling
Marielle Simon
Thomas Speck
Artur Stephan
Julien Tailleur
Raphael Wittkowski

Organisers

André Schlichting
Uwe Thiele
Oliver Tse
Johannes Zimmer
