

Opening Colloquium

Mathematics Münster: Dynamics – Geometry – Structure
June 20–22, 2019, Münster, Germany

Speakers

Simon Brendle Columbia Univ.

Emmanuel Breuillard Univ. of Cambridge

Albert Cohen LJLL, Univ. Pierre et Marie Curie

Guido De Philippis SISSA Trieste

Toby Gee Imperial College London

Jason Miller Univ. of Cambridge

Aaron Naber Northwestern Univ.

Ashkan Nikeghbali Univ. of Zurich

Peter Scholze Univ. of Bonn

Gigliola Staffilani MIT

Andreas Thom TU Dresden

Stefaan Vaes KU Leuven

Nathalie Wahl Univ. of Copenhagen

Geordie Williamson Univ. of Sydney

W. Hugh Woodin Harvard Univ.

The new **Cluster of Excellence “Mathematics Münster: Dynamics – Geometry – Structure”** celebrates its start. Just like the Cluster interconnects all of Münster’s mathematics from pure to applied, the opening colloquium covers a wide range of mathematics with excellent speakers. We would be delighted to welcome you in Münster on this occasion.

Organizing Committee

Joachim Cuntz, Steffen Dereich,
Joachim Lohkamp, Peter Schneider,
Angela Stevens, Burkhard Wilking,
Benedikt Wirth
